Scoring Key for MAP Series (Teenage Form)

FORM - T

Check ⊙ *

Ins ructions

(1) Before starting the scoring, the examiner should ensure that the subject has answered all the questions in the booklet. If more than 15 questions are skipped, the test is invalid and should not be scored. Please also ensure that each question has one and only one answer.

(2) Place this key over the answer sheet. Be sure that the mark (*) on top of the answer sheet shows though the check circle on this key.

(3) Please note that each answer scores either 2 or 1 as indicated by the number printed above the boxes, except "Ga" where the answers score either 2 or 0.

(4) Add the scores vertically for each dimension and write down at the bottom of the answer sheet in the space provided for that dimension.

(5) Each item in this test measures some or the other dimension as indicated in this key.

(6) Convert these raw scores to sten scores by the procedure mentioned in the manual.
